

BARCELONA GSE SUMMER FORUM 2021 CALL FOR PAPERS

The Barcelona GSE organizes the Eighth **Barcelona GSE Summer Forum**. The Summer Forum is a series of independent workshops that cover the main fields of Economics. The Summer Forum 2021 will take place from June 7 to June 18, 2021. The venue will be [UPF Balmes Building](#), (Balmes, 132 – 08008) in central Barcelona.

We are regularly checking safety regulations related to the COVID-19 pandemic. **This is an in-person event, which will only be held if this is deemed safe by the local authorities.** We will keep you posted as new information becomes available.

More detailed information on the Summer Forum 2021 and the previous editions is available on <http://www.barcelonagse.eu/summer-forum.html>

We would like to invite you to submit a paper to the workshop:

ADVANCES IN ECONOMETRICS

The workshop will run for 2 days and will take place on **June 17-18, 2021** in Barcelona.

Brief description of the workshop: The workshop, which will take place in Barcelona as part of the BGSE summer forum, focuses on recent advances in both theoretical and applied Econometrics, and shall host a number of high quality presentations on themes including Machine Learning methods in Econometrics, Large Dimensional models, Time Series Modeling and Forecasting, and Microeconometrics.

The **deadline for submissions** is **March 14, 2021**. To submit a paper, please use this link <https://app-summerforum.barcelonagse.eu>. Submissions should include either a full paper or an extended abstract with the main results. A preliminary program will be announced in April.

Please note that the Barcelona Summer Forum is a series of independent workshops. When you submit your paper, you will be able to see the topics and dates of other workshops that will take place within the Summer Forum. **The same paper cannot be submitted to more than one workshop, but you are welcome to submit a different paper to another workshop.**

The workshop has no registration fee.

The Barcelona GSE Summer Forum is one of the activities supported by the Severo Ochoa Program of Centers of Excellence (CEX2019-000915-S)
