We would like to invite you to submit a paper to the workshop:

ENTREPRENEURSHIP

The workshop will be held **ONLINE** and will take place on **June 10, 2021**.

Brief description of the workshop

Entrepreneurship is making a dramatic comeback in economics and management as a wellspring of industrial dynamism, innovation, and wealth creation. Despite early contributions by scholars such as Joseph Schumpeter, Frank Knight, or William Baumol, to name a few, entrepreneurship has recently surfaced as a full-fledged field in economics and management. Researchers, policy makers, and managers alike seek to uncover the economic incentives and personal motivations that affect entrepreneurial behavior in new ventures or established organizations; venture capitalists and corporations increasingly supply new ventures with private equity, which acts as a core driver of business dynamism and long-term growth.

The keynote speaker for the workshop is:

- [Peter G. Klein](#) (Baylor U., Hankamer School of Business; Co-Editor *Str. Entrep. J.*)

We welcome empirical and theoretical submissions at the cutting edge of entrepreneurship from both experienced researchers and promising young scholars in the field. Relevant topics include, but are not limited to: new venture creation, dynamics of entrepreneurial careers, start-up strategy, entrepreneurial human capital, entrepreneurial finance, venture capital, corporate entrepreneurship, institutions and entrepreneurship.

The **deadline** for submissions is **March 14, 2021**. To submit a paper, please use this link <https://app-summerforum.barcelonagse.eu>. Submissions should include either a full paper or an extended abstract with the main results. Authors chosen to present papers will be notified approximately by the end of March. A preliminary program will be announced by the end of April.

Please note that the Barcelona Summer Forum is a series of independent workshops. When you submit your paper, you will be able to see the topics and dates of other workshops that will take place within the Summer Forum. **The same paper cannot be submitted to more than one workshop, but you are welcome to submit a different paper to another workshop.**

There is no registration fee.
